Stocking

A total of four lakes were stocked by the MNR helicopter: Sprat Lake (3500 Rainbow Trout), Pencil Lake (800 Manitou), Bitter Lake (300 Gold), Concession Lake (300 Gold),

Now that most of our fish have been liberated we have only two tanks that need to be cleaned and fed: the Haliburton Gold fry and the Rainbow Trout in AR2. Please make sure that the AR2 screens are always on. When cleaning only remove one screen at a time. They have a tendency to jump out.

On Page 4 is a list showing the rest of the lakes we stocked this year.

And speaking of stocking. The Haliburton Highlands Outdoor Association Stocked Lakes Guidebook is out. It contains all the lakes in the Minden District that are stocked by our hatchery and the MNR. It includes location details, lake information, such as depth, and stocking history. It is available at Outdoors Plus (Haliburton), Canadian Tire (Minden) and the Haliburton Forest Office. You can also get them from Dan Smith or Dale Freitag. The cost is \$35.00. All profits go to the HHOA.

Upcoming

- Summer Tours—July, August
- Family Day Sat. July 6th
- Kids n' Kops Thurs. July 4th
- Hike Haliburton at the HHOA—Sept. 21, 2019

The Home and Cottage Show

This was our third year doing the Home and Cottage Show. This show is organized and run by the Haliburton Curling Club and is a major fund raiser for them. We have been fortunate to get an excellent corner booth which generates a lot of traffic. The main purpose in doing the show is to let people know that we exist and what we do. Many people, looking at our display, thought we did taxidermy. We'll need to rethink our display for next year. It is surprising how many people who live or cottage in the area either haven't heard of us or don't know where we are. They were informed about our July/August tours and many promised to visit. We were also able to sell a fair number of Catch the Ace tickets as well as some of our new stocking book. We had a fairly good turn and lots of questions. Another successful show. Many thanks to all those who came out to help.

Hatchery Tours

We are now into our summer tour schedule starting in July. Tours during July and August are every Saturday.

July: 13th, 20th, and 27th. Please note that our July 6th Hatchery tour has been cancelled because Family Day is on that date.

August: 3rd, 10th, 17th, 24th, and 31st

Tours are from 9:00 am to noon.

Because these tend to be busy tours we need at least 2 volunteers. There is a sign up sheet in the hatchery (Clipboard AR3) or you can email us.

Family Day and Kids n' Kops

Kids n' Kops is a family event aimed at children and involving the local OPP, conservation officers and firefighters. It takes place at Head Lake Park on Thursday, July 4th. Family Day takes place at the hatchery on Saturday July 6th. There are numerous activities and games (minnow races, fishing pool, etc). Both these events are community events that we participate in and we need volunteers for both events. More details will be forthcoming as we get closer to the dates.

Stocking Cont'd

SPECIES-STOCK	WATERBODY NAME	LIFE STAGE	TRANSPORT METHOD	NUMBER OF FISH	COMMENTS
076-Rainbow Trout_GN (Ganaraska River)	Buckskin L.	YLG (yearling)	Truck	1500
